As we head into the summer, it is time to make plans to spend more time with family and friends. Along those lines, the Crestview board and volunteers are in full swing planning the Crestview party for Sunday, September 13th from 3—6 PM so that we have an opportunity to spend time with our neighbors.

We will have a community meeting on Tuesday, July 14th from 7—8 PM at Robertson Rec Center and invite you to come out and volunteer to make this year's party a true community event. **This year for the first time we will have a Best Garden in Crestview contest. To nominate your favorites, fill out page 9 or send an e-mail to president@crestviewla.com with the addresses of your top three favorite gardens in Crestview.**

If you haven't visited the Crestview website in a while, Bill Clarkson has started a Dog of the Week spot. Log on to www.crestviewla.com and get to know some of your 4-legged furry neighbors.

We're pleased to introduce Carrie Miner—our newest board member. She and her family have lived in Crestview since 2001. Sherry Brennan is now a former board member focusing her efforts on the block captains. Please consider volunteering to serve as block captain for your block—see back page for blocks needing a captain.

We have two individuals new to serving our community—West LA Police Captain Van Nathan and Councilmember for Council District 5, Paul Koretz. We look forward to working closely with both of them and encourage you to read more from them on pages 4 and 5.

See you in the neighborhood!

Crestview Party Committee Meeting
Tuesday, July 14th
7-8 PM
Robertson Rec Center
Please join us!

Beginning June 1st, 2009, Los Angeles Residents can only water their lawns with sprinklers on Monday and Thursday.

Using a hose can be done any day before 9 a.m. and after 4 p.m.

Mayor's Day of Service
Saturday June 27th
8 AM—12 PM
Contact Jennifer Badger at

Save the Date! Crestview Party Sunday, September 13th 3-6 PM

2nd Annual CommUnity Walk for a Safe La Cienega Heights

Article written by Baila Romm

On June 14th, I organized the 2nd annual CommUnity Walk on behalf of the West LA Community Police Advisory Board (CPAB). The purpose of the walk was to bring positive attention to the La Cienega Heights area and show the residents that we support them in making all of South Robertson a safe place to live for everyone.

There was a strong representation from the West Los Angeles Community Police Station including Captain Ruben De La Torre, Sergeant Mark Durrell, Senior Lead Officers Maria Gray, Rashad Sharif, and Mario Gonzalez as well as the Gang Unit and many other West LA Police officers.

We had Council District 5's newly elected Councilman, Paul Koretz,

address the crowd and let us know that he will be doing his best to help reduce crime and make our neighborhood safe for everyone.

Also in attendance was the City Attorney's office represented by Susan Strick, Gita O'Neill, Dina and Joe Shreve. The City Attorney's office mission is to improve the quality of life and public safety in the City's neighborhoods through prosecution of criminal behavior and increased crime prevention. Rabbi Avraham Zajac of Chabad of South La Cienega told a very moving story of compassion and caring for one another. All in all it was a tremendous outpouring of resources from the community.

SORO and Westside Neighborhood Councils, Hatzolah, Jay Handal, Jennifer Badger of the Mayor's office, Mark Davis, Field Deputy from CD5, Liz Carlin, Field Deputy from CD10, LA Fire Station 58, Danny Ferszt, Global Point PR brought Channel 7 and Fox News and Beth Ryan, Ramsey Salem, Peter Weinberger and Julie Ryan were there to show their support from Crestview.

This year we were pleased to see that residents of La Cienega Heights (LACH) actually came out of their homes and walked with us. That was a huge accomplishment. And the kids; they were so into it.

La Cienega Heights has a very complex set of issues that make it different from any other area in South Robertson and perhaps all of West LA. The gang and criminal element have been entrenched there for at least 30 years. It is mostly low income housing and section 8 plus single family homes on it's borders, surrounded on 3 sides by single family homes that are worth between \$600,000 (in this market) and over a million or two million dollars.

Poverty surrounded by wealth. The fear factor and danger is real. The ethnicity of the area is very diverse and divisive. To get this complex area to be unified will take more than a few proactive marches. WLAPD, Los Angeles City Attorneys, Council Districts 5 and 10, SORO NC, and many others have been pouring time, energy, brainstorming and resources into LACH in both proactive and reactive ways. What is it going to take to "tip" the scales in that area to turn it around for good? That is the big question. When and if it finally happens, we can say we were part of it.

It is a goal that is not easily attainable nor guaranteed to be reached.

One small march for La Cienega Heights, one more notch on the side of good.

We look forward to seeing you again next year!

A WORD FROM LARRY THE LANDSCAPER

Gardening Tips

The weather is hot but in Crestview ocean breezes will keep us cooler than further inland. Nevertheless, be sure citrus trees are receiving enough water. You can also cut back spent hydrangeas leaving 2 buds and prune hibiscus to shape. Feed your cymbidiums with a 30-10-10 NPK liquid product or similar. And remember, as of the 1st of June, we can only use our sprinklers on Monday and Thursday, unless you have a low flow drip irrigation system or will be watering by hand. Regardless, all watering must be done before 9am or after 4pm.

Green Ideas

How about installing a rain barrel to catch some of that rain coming this fall...hopefully. Google "rain barrel" and you'll get many options from recycled plastic to converted wine barrels.

The LADWP is offering some great rebates for residents interested in replacing a thirsty lawn with drought tolerant plants or synthetic turf. For more information and additional rebates, visit: <http://socalwatersmart.com/> or read more about it on page 12.

Soro Green Team

Please join us for our monthly Soro Green Team meetings on the third Thursday of each month from 7pm to 8pm at Hamilton High Cafeteria. Next meeting: July 16th.

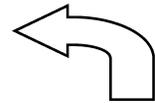

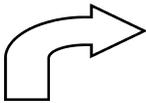

Email lawrencehess@bloom-landscaping.com with any questions or comments.

Don't forget to sign up for the e-mail list!

Do you hate being the last person to know about the latest local recommendation, upcoming event or meeting recap?
Join the Crestview Neighborhood Association e-mail list and you too can be in the know!

A note from our new West LA Police Captain

Captain's Message

As the new Captain of the West Los Angeles Community Police Station, I look forward to working with you to serve all the residents of the West Los Angeles community.

Leave it, lose it! Burglary theft from Motor Vehicles (Car break ins) have been on the rise throughout the West Los Angeles Area. Burglary Theft from Motor Vehicles is the highest crime in the West Los Angeles area. This is due to very valuable and expensive personal property being left inside unattended vehicles.

An automobile is not a safe or secure place to leave any valuables whether the vehicle is locked or unlocked. If any property is left unattended in the car even for just a few minutes IT WILL BE STOLEN! Even something as simple as a small sun glass case, an empty backpack or gym bag will cause your car window to be smashed resulting in hundreds of dollars in damage alone.

Car burglars are stealing a variety of small expensive electronics and valuables. The top items being taken in most car burglaries are portable GPS systems, IPODS, cellular telephones, lap top computers, purses, wallets and money.

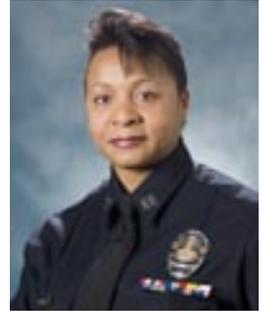

The West Los Angeles Area continues to be a target rich environment. Based on the history and information from arrests that have been made, statistics have show that West Los Angeles Area has a variety of car burglars who travel to the west side of Los Angeles to commit their crimes. Although, many arrests have been made the crimes continue to occur. This tells us that there are numerous suspects that are targeting the area.

The Los Angeles Police Department is making every effort to combat this problem. Community awareness and involvement is instrumental in the prevention of these crimes. If the car burglars do not find valuable property inside cars, eventually they will seek out other areas in which to commit their crimes. Working together, we will be able to greatly reduce Burglary Theft from Motor Vehicles. Please do not leave ANY personal property visible in the car!

Remember

Always lock your vehicle
Set your vehicles alarm
Never leave anything in plain view
Lock items in the trunk

Evangelyn Nathan, Captain

Newly Elected City Councilman, Paul Koretz, Addresses Crestview Residents

On May 19 the residents of Crestview, along with the other residents of the 5th District elected me as their representative to the Los Angeles City Council. At least I'm pretty certain they did. The election was fairly close and has not been officially certified, but I am currently 722 votes ahead of my opponent. I didn't want the lack of finality of the election results, however, to cause me to miss this opportunity to introduce myself to Crestview. **Since this was written , Paul has officially won.**

I didn't grow up in Crestview, but I did grow up pretty darn close. My childhood home was just on the other side of Robertson on Cardiff Avenue. I went to Canfield Elementary School, Palms Middle School and Hamilton High School before attending UCLA.

Since graduating from UCLA in 1979 I have dedicated my life to public service. I have been an aide to Los Angeles City Councilmembers Zev Yaroslavsky and Marvin Braude. I served on the West Hollywood City Council from 1988 to 2000 and represented the 42nd Assembly District (a bit North of Crestview) in Sacramento from 2000 to 2006.

Representing the 5th District is a homecoming for me. I'm very excited about starting work officially on July 1st. In the meantime, I want to learn about the problems and concerns of Crestview residents and work with you to make Crestview an even better neighborhood than it already is.

During the campaign I had a chance to chat with two members of the CNA board, Ramsey Salem and Baila Romm. I learned from Ramsey about the great work he has done in maintaining and improving the trees in the community. I look forward to working with him to continue to beautify the neighborhood.

Unfortunately, Ramsey also told me about some problem halfway houses in the neighborhood that have become a nuisance. I look forward to working with Ramsey, the City Attorney and the LAPD to solve this problem and improve the quality of life for everyone.

I was very impressed with Baila's work to combat crime in our area, and in particular in the adjacent La Cienega Heights neighborhood. Public safety is a priority of mine and I look forward to working with Baila and others in the neighborhood to make sure we all feel safe and secure in our homes and streets.

I pride myself on being accessible to my constituents and solving their problems. My first term in office hasn't started yet, but I don't want that to stop people from contacting me. If you've got important issues you'd like to discuss, feel free to email me at paulkoretz@earthlink.net or call me at 323-966-5957. I may not have an office or staff yet, but I'm ready to learn more about the needs of the neighborhood so that when I officially begin work I can hit the ground running.

I look forward to working with all of you in the years ahead.

--Paul Koretz
Councilmember-elect, 5th District

Local Restaurant Reviews

If you haven't tried the new restaurants in the area, here are reviews of recent additions as well as some tried and true gems that remain within walking distance of home. Bon Appétit!

NANA CAFÉ

restaurant review by Baila Romm

There is a new restaurant just west of the Crestview border on Robertson Blvd at Cashio. Nana Cafe is a delightful mix of Israeli & California Cuisine.

When you enter Nana you will have a choice of dining outdoors on their lovely patio or indoors in the contemporary, clean dining room. Their extensive menu includes home baked breads and desserts, exotic salads, sandwiches and fish choices.

It is Kosher/Dairy restaurant. Vegetarians will love this place!

Nice place to hang out for a leisurely dining experience. Or just for a coffee and schmoozing.

Try the Wild Grilled Salmon with Mashed Potatoes and Spinach or the Fettuccine Alfredo. The Hummus plates are scrumptious.

Leave room for their Chocolate Soufflé or any of their home made deserts...

It will take several visits to get through their extensive menu!

Breakfast 9—11:30 AM and Lunch 11:30—3 PM

Dinner 5—10 PM

Sunday Hours are 9 AM—3 PM

Picture a relatively small, inviting almost-hidden spot with small tables for no more than two dozen patrons. Don't miss the music playing softly in the background. Don't overlook the greenery and plants everywhere.

Now close your eyes. Is that the smell from a small garden of beautiful fragrant flowers? Do you feel magically transported to one of Paris's sidewalk cafes?

Open your eyes, sit down and meet Celine who not only owns and runs the quiet, pretty place, but also serves her guests. Do you want a coffee or espresso? How about a yummy sandwich? Perhaps a light lunch...with a fresh, delightful desert?

As you leave, explore the huge display of fresh flowers on the patio. And take one more deep breath and grab another nose full of the unique smells of Le Petit Jardin, as you leave Paris to begin your pleasant walk home.

Local Restaurant Reviews

MINORI Restaurant **1170 So. Robertson Blvd. at Pico** **(310) 278-1122**

This restaurant is a definite go- to spot for many looking for great Japanese food at a very reasonable price, and it is right in our neighborhood!

There are many different options if you don't like raw fish, such as great teriyaki, tempura, and some wonderful soups , but the sushi is my favorite. The fish is extremely fresh, cut perfectly, with very generous portions. Besides the more traditional choices such as great tuna, yellowtail, albacore, and salmon, they always have some more unusual picks that are always a wonderful surprise.

Try the black snapper, the aji, or pompona, which is served as sushi, and then the bones are deep fried to a perfect crispy delight served with a squeeze of lemon, and ponzu sauce. I also like their rolls, which are not overdone like so many other sushi restaurants. The spicy tuna is not made with mayonnaise, and is perfectly spicy. I like mine with avocado which adds a coolness to complement the spice. Another favorite of mine is the scallop popcorn handroll.

One of the best dishes they serve is their special carpaccio- thinly sliced white fish drizzled with a lemon ponzu sauce topped with crispy garlic. It is absolutely delicious.

The owner, Take, is almost always there behind the sushi bar, where he has been for the last 17 years they have been in business. The staff are friendly, attentive, and seem to really enjoy being there. My family has been going there at least once a week, for authentic, extremely fresh Japanese food for over 15 years.

They are open for lunch Mon—Fri, 11:30-2:30, and for dinner Mon-Sat, 5:30-10:00.

Restaurant Reviews

by Bill Clarkson

Tuk Tuk Thai Cafe

My favorite Thai dining experience.

Priced right for eat in or take out.

8875 W. Pico Blvd.

(310) 860-1782

www.tuktukla.com

Taj Mahal of India Tandoori Curry Resturant

They are new on the block yet their Vegetable Korma has won us over.

8566 W. Pico Blvd.

(310) 652-8598

Café Bella Roma

A roman café, right here on Robertson Blvd.

The handmade pastas are tasty and satisfying. The espresso is the best I have had in LA. Open for breakfast, lunch (10-2:30) and dinner (5:30-10:00) Bring your own wine; corkage fees are moderate. Street parking.

1513 S. Robertson Blvd.

Crestview Real Estate Update

By Anne Austin

Record low mortgage interest rates boosted pending home sales for the third consecutive month, with some benefit now from the first-time buyer's tax credit, according to a recent report from the National Association of Realtors.

Housing affordability conditions have been at historic highs, but now the \$8,000 first-time buyers tax credit is beginning to impact the market. Since first-time buyers must finalize their purchase by November 30 to get the credit, we expect greater activity in the months ahead, and that should spark more sales by repeat buyers.

Furthermore, The Home Buyer Tax Credit Can Be Applied To Purchase Costs. U.S. Dept. of Housing and Urban Development (HUD) recently announced that the Federal Housing Administration (FHA) will allow home buyers to apply the administration's new \$8,000 first-time home buyer tax credit toward the purchase costs of a FHA-Insured home. Families can only access this credit after filing their tax returns with the IRS. Home buyers using FHA-approved lenders can apply the tax credit to their down payment in excess of 3.5% of the appraised value or to their closing costs, which can help achieve a lower interest rate.

This is what has happened in Crestview since March 2009:

ACTIVE LISTINGS

- 1930 Preuss Road,, Fixer on huge view lot reduced to..... \$599,000
- 1626 Corning back on the market again Short Sale 2+1+Pool... \$550,000

LADWP

LADWP TO OFFER INCENTIVES TO RESIDENTIAL CUSTOMERS WHO REPLACE TRADITIONAL LAWNS WITH DROUGHT TOLERANT PLANTS

LOS ANGELES: In addition to enacting mandatory water conservation among all its customers on June 1, the Los Angeles Department of Water and Power (LADWP) has announced a new program to encourage customers to replace traditional grass lawns with drought tolerant plants.

The Residential Drought Resistant Landscape Incentive Program will pay single family residential customers \$1 for each square foot of turf removed and replaced with drought tolerant plants, mulching and water-permeable hardscapes. Customers' plans must be pre-approved by the LADWP prior to installation and evidence of installation must be provided after the landscaping is replaced in order to receive the rebate. LADWP's Water Conservation Division staff will conduct pre-and post-audits of all applicant's landscapes.

"Our rebates for water-efficient appliances and fixtures continue to be available and have been highly successful in helping our customers reduce their indoor water use significantly. Now we turn our attention to expanding water conservation outside the home," said David Nahai, LADWP Chief Executive Officer and General Manager. "As we ask our customers to cut back on their outdoor watering, the landscaping incentive provides a great alternative to maintaining their lawns."

The Residential Drought Resistant Landscape Incentive Program is launched as three years of below-average snowfall and the toll of climate change and regulatory factors have resulted in water shortages from LADWP's major water sources -- the Eastern Sierras and the San Joaquin-Sacramento Delta.

The Department estimates that with 30-40% of water use occurring outdoors, replacing traditional lawns with drought tolerant varieties presents a viable option for significant water savings throughout the city. One square foot of traditional lawn needs approximately 50 inches of water per year. In comparison, most drought tolerant plants need approximately 15 inches of water or less per square foot per year. In an average year, Los Angeles receives about 15 inches of rain per year.

For information on the Residential Drought Resistant Landscape Incentive Program, please call 888-376-3314. For information on any of the Department's numerous other rebate and incentive opportunities, please visit www.ladwp.com and click on Rebates and Programs or call 1-800 DIAL DWP and speak with a customer service professional.

The Los Angeles Department of Water and Power was established more than 100 years ago to provide a reliable and safe water and electric supply to the City of Los Angeles residents and businesses. The LADWP serves approximately 1.4 million electric customers and 680,000 water service customers. For more information, log on to www.ladwp.com.

For more information contact:

Jane Galbraith
LADWP Public Affairs
voice: (213) 367-1361

There are 6 varieties of drought resistant yards on the 1700 block of Garth. Walk by and check them out or contact Crestview resident Terry Ring Schonwald for tips on how to plant a drought resistant yard. You can reach her by e-mail at tvm0m@aol.com or by phone 310-836-0644.
